December, 1993

The State Police Uniform Crime Report Unit (UCR) is proud to present the sixteenth edition of "Crime in New Hampshire." This annual report contains 1992 statistics voluntarily contributed by Granite State law enforcement agencies.

It is a pleasure to announce a decrease in the reported number of serious crimes in our state which overall dropped 11.3 percent from 1991 to 1992. This is largely attributed to a decrease in reports of Burglary, 16.4 percent; Motor Vehicle Theft, 12.3 percent; and Larceny, 10.6 percent. Aggravated Assaults dipped 1.6 percent. Moreover, the number of reported homicides dropped from 33 in 1991 to 19 in 1992. On a less positive note, reported Rapes were up by 28.9 percent while Robbery crimes rose slightly. Drug Arrests increased by 16.3 percent.

The new National Incident Based Reporting System (NIBRS) is progressing. The UCR Unit, charged with implementing and overseeing the NIBRS program, has been conducting testing on the state, county, and local level to ensure the integrity of the system is maintained. In the near future we expect the NIBRS software to be installed and made available to all reporting agencies to allow them to participate in the new NIBRS program.

In closing, I would like to extend our sincere appreciation to the Federal Bureau of Investigation for their continued support and guidance as well as the expertise and technical assistance they've provided our on-going NIBRS program. In addition, all New Hampshire police agencies who contributed to this report should be commended as their contributions make this valuable report possible.

Very truly yours,

Colonel Lynn M. Presby
Director

# NOTIFICATION

The publication of "Crime in New Hampshire" has served the communities of the state for many years. From the beginning, this report has been a statistical reference that measure the "trends" of Part I and Part II crimes as defined by the Federal Bureau of Investigation. The Uniform Crime Report Unit of the Division of State Police has continually informed both the law enforcement community and the general public that this periodical can only represent data under these terms.

There are several important reasons why this document can only serve as a criminal activity indicator. First, the submission of necessary data is done on a voluntary basis by the police agencies in the state and the number of reporting agencies often vary from year to year. Secondly, inconsistencies arise in how data is interpreted by submitting agencies which can conflict with the federal definitions. Also, unfounded crimes are deleted from the year they are reported, not in the year of occurrence.

Readers are cautioned to keep these factors in mind when reviewing the data and are advised that if year to year comparisons are made crime rate percentages may vary.

# GLOSSARY OF TERMS

**Adult** - In New Hampshire an adult is a person 18 years of age or above.

**Cleared by Arrest or Exceptional Means** - For UCR purposes, an offense is "cleared by arrest" or solved for crime reporting purposes when at least one person is (1) arrested, (2) charged with the commission of the offense, and (3) turned over to the court for prosecution. In certain situations, when the police have exhausted all leads and done everything possible to clear a case, the offense can be "exceptionally" cleared. The following conditions have to be met before an offense can be cleared exceptionally: (1) The investigation has definitely established the identity of the offender; (2) There is enough information to support an arrest, charge, and turning over to the court for prosecution; (3) The exact location of the offender is known so that he could be taken into custody; and (4) There is some reason outside law enforcement control that precludes arresting, charging, and prosecuting the offender.

**Index Offenses** - The sum total of eight major offenses used to measure the extent, fluctuation, and distribution of crime in a given geographical area. The eight offenses are: (1) Murder, (2) Forcible Rape, (3) Robbery, (4) Aggravated Assault, (5) Burglary, (6) Larceny-Theft, (7) Motor Vehicle Theft, (8) Arson. Each of these offenses is referred to as an "Index Offense."

**Juvenile** - In New Hampshire, a person 17 years of age or under.

**Property Crime** - Consists of the Index Offenses of Burglary, Larceny, Motor Vehicle Theft, and Arson.

**Violent Crime** - Consists of the Index Offenses of Murder, Forcible Rape, Robbery, and Aggravated Assault.

# CALCULATION OF RATES

## Offense and Arrest Rates

To compute offense rates per 1,000 population, divide your community's population by 1,000 and then divide the number of offenses by the resulting figure.

Example:

a. Population for your jurisdiction, 31,600.

b. Number of known burglaries for your jurisdiction for a year, 341.

Divide 31,600 by 1,000 = 31.6.

Divide 341 by 31.6 = 10.79.

The burglary rate is 10.79 per 1,000 inhabitants.

The number 31.6 can now be divided into any offense class total to obtain a crime rate for that offense.

The same procedure can be used to obtain arrest rates per 1,000 population.

## Clearance Rate

The percentage of crimes cleared by arrest is obtained by dividing the number of offenses cleared by the number of actual offenses known. This answer is then multiplied by 100.

Example:

55 Burglaries cleared
341 Burglaries known .16 x 100 = 16%

Your percentage of clearance for burglary is 16%.

## DOMESTIC ASSAULT

In 1979, the General Court mandated the Director of State Police to present an annual report to them concerning the nature and extent of domestic violence in our State. It was decided to collect this data in conjunction with the UCR program by adding a relationship category to the information collected in assaults. The following chart indicates the relationship of the offender to the victim along with the type of weapon used in aggravated assaults and the number of simple assaults for 1992:

### RELATIONSHIP

| Type of Assault | Husband on Wife | Wife on Husband | Parent on Child | Child on Parent | Other Household Members | No Relation-ship | Unknown |

# UNIFORM CRIME REPORTING DEFINITIONS
# PART II OFFENSES

**08. Other Assaults** - Assaults and attempted assaults where no weapon was used or which did not result in serious or aggravated injury to the victim are included as other assaults.

**10. Forgery and Counterfeiting** - In this class are all offenses dealing with the making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true.
